

Hello Ceramic Friends!

We are happy to share with you our new Mold Catalog, featuring our current assortment of mold shapes for your slip casting creations, an active and important ceramic endeavor. Mayco has a long history in mold design and production, dating back to the 80s. Over time, design trends and consumer preferences have changed but our commitment to providing high-quality colors, exciting forms and decorating accessories have not. We are thrilled the slip casting community continues to grow with a new group of consumers interested in learning about this wonderful craft.

We understand the importance of slip cast molds. Using slip cast molds provide the ability to produce multiples of the same shape exactly and efficiently. From simple one-piece molds to more complex multi-part molds, casting allows business owners to earn revenue or artists the freedom to experiment with ideas for form, surface decoration, attachments, and customized shapes for the table, garden, and home.

While Mayco never stopped manufacturing molds, we recommitted to this product line by expanding our current assortment with popular shapes from the past and new shapes for the present. Additionally, we are introducing trendy designs that are only available in slip cast molds.

Mayco also manufactures two types of casting slip:

1. **Low-fire, Earthenware Casting Slip (SLE01)**
2. **Mid-range, Stoneware Casting Slip (SLS01)**

Both slip products were developed to be compatible with Mayco glazes as well as many other commercially available glazes and they are regularly tested for fit and performance.

We hope our mold collection ignites your creativity. Happy Casting!

Creatively yours,
The Mayco Team
